AMUSEMENT NOTES!

The Theatre Seasons to Open.
The McIntyre & Heath Negro Minstrel Company will open the theatrical season of 1885-'86 at the McClelland Opera House on the 2d day of October. This is said to be a strong company, and has drawn well wherever it performed this season. The following is from the Savannah, Ga. Morning News, Thursday, September 1, 1885: "Standing room only" was the sign over the theatre box office half an hour after the doors were opened for McIntyre & Heath's Minstrels last night. The theatre was jammed, parquet, dress circle, balcony and galleries. The company is a good one, and gave an excellent performance. The delineations of negro character were admirable, and the olio was first-class. The specialties were a good deal above the average. The Brahman Brothers' shadographs were very clever. Delmar and Geyer, the marvelous frog and clown, were crack. Geyer, as a contortionist, was repeatedly applauded. McIntyre and Heath, in their specialties were first-rate. The sketch entitled "The Telephone," concluding the first part of the entertainment, was capital. The performance throughout kept the audience in good humor, and was one of the best that has ever been seen in Savannah.

AT THE DRIVING PARK, BEGINNING NOVEMBER 10, AND CONTINUING FOUR DAYS.

There Will be Inaugurated a Stock Fair, Where Improved Stock, Horses, Cattle, Mules, Jacks, Juncos, Hogs, Sheep and Poultry,

Both from this and other counties will be exhibited and on each of the four days there will be trials of speed in the speed ring—by horses from the Canadas to Texas—which will go only for blood. "The trotting horse has become the prominent feature of agricultural fairs and we opine no county or state fair could succeed without a strong representation of the various grades of the trotting horse" hence in connection with the stock fair there will be four trials of speed, one given on each day, one of which will be exclusively for our own county horses. These races will begin at 2 p.m., the exhibition of the stock at 10 a.m. sharp. Premiums aggregating one thousand dollars will be distributed among the successful competitors of stock and \$2,500 to the successful competitors in the speed ring. All under the able management of our fellow-citizens Saund Johnson, to whom all desiring catalogues, premium lists and programs of races, both here and at Houston, should address themselves. Under the same management, the following week, beginning November 17th and continuing to the 20th, inclusive, races will be had at Houston where prizes amounting to \$5,000 will be distributed. There will be five races each day; one of them being for home horses. These races will be almost a repetition of those had here. From advice already received at the office of the management, we are assured that a fine line of fast thoroughbred stock has never been seen in the south than that which will be exhibited and compete here and at Houston in Nov. The attraction at the Opera House for November and the following months will be given later on. We are promised plenty and variety of amusement for the fall and winter.

The box seat for each attraction will be placed at Van Duzer's music store in abundant time, he being engrossed in organizing a first-class orchestra for the amusement season.
